# Child Find/Child Serve

---

*Reaching out,  
Opening doors,  
Evolving abilities,  
Together, it works!*

---

TYLER COUNTY SPECIAL EDUCATION CO-OP

## What is Child Find/Child

The purpose of  
Child  
Find/Child  
Serve is to ac-  
tively search  
for individuals,  
birth through  
21 years of age,  
with disabili-

ties. If you are a parent and  
have concerns about your child  
or adult with special needs we  
can help. It is important to  
note that it is never too late to  
get pointed in the right direc-  
tion.

All children grow and develop  
at different rates. The follow-  
ing guidelines can be helpful in  
determining if your child has  
the skills expected for his/her  
age.

## Developmental Guidelines

◆ *If a child is 3 months old and cannot:*

Follow objects with eyes, or

Grasp rattles or hair, or

Respond to loud noises, or

Lift head and chest while on stomach

◆ *If a child is 6 months old and cannot:*

Roll over (both ways), or

Sit with minimum support, or

Reach for toys and pick them up, or

Babble

◆ *If a child is 12 months old and cannot:*

Say 1 to 2 words, or

Crawl on hands or knees, or

Play peek-a-boo, or

Pull up to a standing position

◆ *If a child is 18 months old and cannot:*

Pull off socks and shoes, or

Step off low objects and keep balance, or

Follow simple directions, or

Feed self sometimes

◆ *If a child is 2 years old and cannot:*

Use 2 or 3 word sentences, or

Identify hair, eyes, and nose, or

Run short distances without fall-  
ing, or

Show affection

◆ *Some behaviors which may  
indicate learning problems in  
school aged children 3 or older:*

Has limited speaking vocabulary

Has difficulty comprehending  
what he/she reads

Failure to recognize words on  
grade level

Is unpredictable in behavior

Is reluctant to attempt new as-  
signments

Does not remain on task

For children under 3, contact your local  
Headstart/ECI program.\*

For children over 3, contact your school  
district.\*

*\*Please refer to the back of this brochure for  
telephone and contact information.*
